### **7.3.2. Public Hearing (PH):**

**7.3.2.1.** The Public Hearing for all candidates, if applicable, takes place in the second phase of the process, after the Curriculum Assessment has been completed.

**7.3.2.2.** The weights assigned to the criteria for the Public Hearing are those specified in Table 1, considering solely merit. Consequently, only the candidate's prior experience in the relevant area and/or sub-area for which the call is open will be evaluated, without assessing or appraising the candidate's merit in other fields.

**7.3.2.3.** The Public Hearing for each candidate takes place in person and lasts a maximum of 20 minutes.

**7.3.2.4.** The President of the Jury is responsible for conducting the meeting, allowing other members of the jury to interact with the candidate.

**7.3.2.5.** The Public Hearing will be conducted in Portuguese, unless the candidate or any member of the jury does not speak Portuguese, in which case the President of the Jury may decide to switch into English

**7.3.2.6.** Failure to attend the Public Hearing at the appointed time and place is grounds for exclusion from the call.

**7.3.2.7.** If the Jury decides not to hold the Public Hearing, the Jury shall proceed with the Curriculum Assessment of the candidates. The Curriculum Assessment complies with the selection criteria and parameters described in point 7.3 of this Notice. Consequently, only the candidate's prior experience in the relevant area and/or sub-area for which the call is open will be evaluated, without assessing or appraising the candidate's merit in other fields.

**7.4.** In accordance with no. 3 of Article 20 of the RCCPCDIPP, lecturers who hold management positions in their institutions who, by law, are exempt from teaching functions or by decision of the competent bodies should not be biased in the application of the table defined by the jury to the parameter referred to in point 7.3. of this notice.

## **8. Selection criteria and classification of candidates**

**8.1.** The jury shall be governed by what is established in article 12 of the RCCPCDIPP.

**8.2.** Decisions are taken by majority of the members' votes, with no abstentions allowed.

**8.3.** Once the deadline for submission of applications is over, the jury shall meet and deliberate on the admission and exclusion of the applications, under the terms of article 17 of the RCCPCDIPP.

**8.4.** The assessment of applications accepted for the call will be carried out in accordance with the parameters, criteria and weightings set out in this Notice.

**8.5.** After examining and admitting the applications, the jury shall first decide on the approval of the candidates in absolute merit under the terms of point 6. To this end, each member of the jury shall present the applications that they consider to be incompatible with the category for which this call is being open. The exclusion proposals are then voted on and no abstentions are accepted. An application is not approved in absolute merit if at least one proposal obtains an absolute majority of favourable votes from the members of the jury present at the meeting and entitled to vote. In this case, no further proposals on the same applicant will be voted on. The final decision on each proposal, as well as the number of votes collected by each of them, and its justification, are an integral part of the minutes.

**8.6.** In the event of non-approval on absolute merit, the jury shall hold a preliminary hearing for non-approved candidates who, if they so wish, may make a statement within ten working days.

**8.7.** The jury will then proceed to evaluate the Curriculum of the candidates who have been approved on absolute merit, considering the dimensions and evaluation criteria defined in point 7.3, as well as the weighting factors set out in this Notice. Subsequently, candidates will be subject to the Public Hearing assessment method, in accordance with point 7.4.

**8.8.** Each member of the jury rates each criterion or component of the Curriculum Assessment for each candidate on a scale of 0 to 100, using the same scale for the Public Hearing of

candidates admitted for this purpose;

**8.9.** The final result is a numerical value (between 0 and 100) that is calculated by weighing each criterion with the corresponding weight, which provides each parameter with a score. The results of the Curriculum Assessment (RAC), Public Hearing (RAP) and Final Assessment (RF) are calculated according to the following formulas

$$\text{RAC} = P1 \cdot (C11 \cdot P11 + C12 \cdot P12 + C13 \cdot P13 + C14 \cdot P14 + C15 \cdot P15 + C16 \cdot P16) + P2 \cdot (C21 \cdot P21 + C22 \cdot P22 + C23 \cdot P23 + C24 \cdot P24 + C25 \cdot P25 + C26 \cdot P26 + C27 \cdot P27 + C28 \cdot P28) + P3 \cdot (C31 \cdot P31 + C32 \cdot P32 + C33 \cdot P33 + C34 \cdot P34 + C35 \cdot P35 + C36 \cdot P36)$$

$$\text{RAP} = P1 \cdot D1 + P2 \cdot D2 + P3 \cdot D3$$

Where:

D1=Pedagogical Capacity

D2=Technical and Scientific Performance;

D3=Organisational Activity

$$\text{RF} = \text{RAC} \cdot 60\% + \text{RAP} \cdot 40\%$$

## **9. Voting methodology and ranking:**

Only candidates with a score of 50 or higher will be ranked. Candidates with a score lower than 50 awarded by an absolute majority of the jury members with voting rights will be excluded.

**9.2.** The candidates shall be ranked by descending order, and each member of the jury shall submit a written document, which shall be attached to the minutes, stating their ordering of the candidates duly justified, considering for this purpose the criteria and evaluation parameters and corresponding weighting factors contained in this Notice;

**9.3.** At each ballot, each jury member should abide by the order presented, no abstentions permitted.

**9.4.** The jury will use the following voting method in order to obtain an absolute majority in the final ranking of the candidates: the first ballot is intended to determine the applicant that will be placed in first place. If an applicant receives more than half the votes of the members of the jury present at the meeting, he/she will be ranked first. If the applicant in first place is not determined, the ballot will be repeated, but only among the candidates who received enough votes to be considered for first place, once the applicant least voted in the first round is removed. If there is more than one applicant in the position of least voted, there will be another ballot with only these applicants in order to determine who is to be eliminated. For this ballot, the members of the jury vote for the applicant who has the lowest ranking, the applicant with the most votes is eliminated. If, at this point, there is a draw between two or more applicants, the president of the jury shall decide which of them shall be eliminated. Once this elimination is made, the jury returns the attention to the first ballot, but only with the remaining candidates. The process is repeated until one applicant receives more than half the votes for first place. The process is repeated for second place and so on until an ordered list of all candidates is complete.

## **10. Notification of parties and the decision:**

**10.1.** The applicants are notified of the final ranking to enable the hearing of any interested party, in accordance with Article 121 and following of the Code of Administrative Procedure, approved in annex to Decree-Law No. 4/2015 of 7 January, in its current wording, applying, mutatis mutandis, the provisions of Articles 17 and 19 of the RCCPCDIPP

**10.2.** Once the interested parties have had their hearings, the jury assesses what they have heard and approves the final ranking of the applicants.
