## Selection process

The evaluation will consider the applicant's merit, taking into account the elements presented in the application. Admissible applications will be marked on a scale from 0 to 20 points for each of the following evaluation criteria:

Criterion A – Scientific production relevant to the scientific area, weighting 50%:

Criterion B – Interview, weighting 50% in a scale of 0 to 20. The interview may be conducted by videoconference and shall assess.

This method is evaluated according to the classification levels of High, Good, Sufficient, Poor and Insufficient, corresponding, respectively, to the classifications of 20, 16, 12, 8 and 4 values (in a scale of 0 to 20). The final result (RF of the Interview) is obtained through the weighted arithmetic mean of the marks of the parameters to be evaluated:

Interview RF =  $(M \times 0,20 + CE \times 0,40 + COT \times 0,20 + NELI \times 0,20) / 4$ , where:

M = Motivation;

CE = Knowledge and experience in the scientific field;

COT = Work and organization capacity;

NELI = Proficiency Level of the English Language.
